U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on JANUARY 8, 1978
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
JANUARY 9 - 15, 1978
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

OFFICE OF
THE GENERAL
SALES MANAGER

U.S. DEPARTMENT
OF AGRICULTURE

FEB 14 1978

EXPORT SALES REPORT

Comments on release of January 19, 1978 (based on reports from exporters for the week ending January 8, 1978, unless otherwise noted.)

Wheat: Sales activity staged a moderate recovery after a two week lull. Pakistan was the leader, buying 205,000 MT of Soft White commercially. This was their initial purchase of this marketing year (MY). Several other countries registered smaller, but significant purchases. The pace of new sales is expected to accelerate as a result of recent progress in PL-480 negotiations and issuances of Purchase Authorizations. Exports (342,200 MT) registered a slight improvement over last week, but were still well below the weekly level essential to attain the export projection.

Corn: The level of new sales continued to be disappointing with a net increase of only 518,700 MT. Switches from unknown destinations (325,700 MT) were principally assigned to Europe and Japan. Sales were reported to numerous countries with Greece accounting for about 35 percent of the net increase in sales. Several small contract adjustments (foreign purchases/cancellations) resulted in a decrease in sales to the Netherlands. Under the daily reporting system, 1977/78 MY sales totalling 254,010 MT were reported to unknown destinations and 100,000 MT were switched to the USSR from unknown. The third largest weekly export total for the MY was recorded (1,034,900 MT), nearly double the preceding week's performance.

Sorghum: Market activity was modest. Spain added to earlier purchases and two small initial MY sales were reported to Nicaragua and Ecuador. Unknown destination sales of 53,900 MT were switched to Belgium and shipped. Japan continued to be the largest customer with several purchases, contract adjustments and final destination assignments reported. Weekly exports ran the second heaviest so far this MY.

Cotton: Sales activity slowed dramatically as only small quantities were added by Asian countries, France and Egypt. Exports continue at a good level with Asia accounting for 84 percent.

Soybeans: Large sales to the EC (135,600 MT) accounted for 71 percent of the net increase in sales for the week. A number of destination changes were reported with Denmark and Israel the assignees. Sales of 93,500 MT for delivery in 1978/79 were reported to the EC. The EC accounted for over 56 percent of weekly exports (349,900 MT).

Soybean Cake and Meal: New sales (141,100 MT) were up sharply from the level of recent weeks, totalling the second heaviest this MY. The EC accounted for 43 percent of the new sales, while Eastern Europe took another 40 percent. Exports (156,900 MT) were also strong with the EC accounting for nearly 70 percent. Thailand and the Philippines received their initial shipments of the MY.

Soybean Oil: Sales of 5,000 MT to the EC and exports of 7,400 MT to the PRC were the week's highlights.

Barley, Oats and Rice: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
